

Undergraduate Scholarly Habits Ethnography Project Student Mapping Diaries Protocol

Student Mapping Diaries Instructions

Please select **ONE** day over the next week to record your locations and activities. This study involves how students do their college work, so please select a typical school day for you in which you have **at least** one class at Brooklyn College.

Please try to complete your mapping diary by Wednesday, October 14, 2009.

Use the campus, neighborhood and subway maps to sketch your movements throughout the day. Record the times and locations on your log sheet.

Once you've finished with your mapping diary, contact me to schedule your interview. Don't forget to let me know whether you'd like a \$15 Metrocard or \$15 iTunes card when the interview is finished.

If you have any questions or problems, please let me know. You can reach me at:

Student Mapping Diaries Interview Protocol

1. Please let us know your age, how many semesters you've completed at Brooklyn College, your major/program, and degree.
2. Review the time log and map with the student, asking questions to clarify as necessary, for example:
 - Why did you go to that location?
 - What class did you go to?
 - Did you eat lunch?
 - What did you do after you got home?
3. How different is this day from other school days? Was this a typical school day for you?
4. What was the best part of this day?
5. What was the most frustrating part of this school day?
6. Is there anything you'd like to add that's not represented here?

Thank you!
