Student Photo Surveys Instructions

Here's your disposable camera and the list of locations I would like you to photograph. Please finish taking your photos by _____.

To help me identify the pictures, write the number of each picture on the line next to the location you're photographing. For example, if the first picture you take is Your Communication Devices, write the number 1 on the line next to that item.

Once you've finished with your pictures, contact me to drop off the camera for developing and schedule your interview. Don't forget to let me know whether you'd like a \$30 Metrocard or \$30 iTunes card when the interview's finished.

You can reach me at:

Student Photo Surveys Interview Protocol

1. Please let us know your age, how many semesters you've completed at City Tech, your major/program, and degree.
2. Review the photos with the student, asking questions to clarify as necessary, for example:
 - What is that?
 - Why do you prefer to study in that location?
 - Why did you choose not to take that photograph?
3. Is there anything you'd like to add that's not represented here?

Thank you!
